

Parental Consent Form

Girl Talk Inc.

Girl Talk, Bringing Empowerment to Girls in the Community

Your child has chosen to participate in Girl Talk Incorporated where we have conversations on the social issues that young girls face on a daily basis, while trying to navigate and be their best on this growing journey.

Girl Talk is about empowering and motivating girls and young ladies to be successful in all that they do and give them the tools to make the best decisions in their personal and professional life.

Your permission is needed as we will be taking pictures and videotaping these conversations and posting them on the Girl Talk website and social media. In posting our conversations on social media we hope to encourage other young ladies to have the conversation on issues they are facing and working towards being their best

Attached you will find a list of topics that we'll be discussing in Girl Talk over an eight week time period. If you have any questions please don't hesitate to contact me.
